

Pamela von Johnn Canales

Industrial Engineering Student

pame.vonjohnn@gmail.com | +56 975489215 | Temuco, Chile

Profile

Final-year Industrial Engineering student at Universidad de La Frontera, committed and responsible. My academic background and practical experience have allowed me to work with multiple tools, granting me great versatility to tackle diverse problems and find optimal solutions. I enjoy working in different areas with multidisciplinary teams, where my communication skills and language proficiency enable me to thrive in various environments. I am always open to learning new things, facing challenges, and I deeply value receiving feedback to continuously improve my work.

Education

B.Sc. in Industrial Engineering Universidad de La Frontera	2021 – Present
Minor in Data Analysis Universidad de La Frontera	2025 – Present
Bachelor of Engineering Sciences Universidad de La Frontera	2025
Baccalaureate in Sciences and Humanities Universidad Católica de Temuco	2022
Primary and Secondary Education Colegio Alemán de Temuco	2006 – 2019

Work Experience

Thesis , Compass Ingeniería y Sistemas SA	Present
• Development of my thesis to earn a degree in Industrial Civil Engineering.	
Teaching Assistant - Operations Management , Universidad de La Frontera	2025 – Present
• Guided practical course sections using RobotStudio software.	
Teaching Assistant - Logistics and Supply Chain , Universidad de La Frontera	2025 – Present
• Reviewed workshops and developed supplementary material.	
Teaching Assistant - Introduction to Data Analysis , Universidad de La Frontera	2025
• Prepared teaching materials and provided in-class support.	
Internship , Sinergia SPA	2025
• Provided technical advice, cost structuring, and developed commercial strategies for the growth of Micro and Small Enterprises (MSEs).	
Technical Support , Bruma Limitada	2024 – 2025
• Inventory management, technical maintenance in branches, and customer service.	
Internship , CZ Tokosova	2024
• Job profile descriptions and Excel usage.	

Additional Training

Presentation at the Conference on Transdisciplinary Eng. and Conscious Innovation (CITIC)	2025
--	------

Universidad de La Frontera	
Participation in CITIC Workshop	2025
Universidad de La Frontera	
Attendance at the 14th Winter School in Engineering Systems	2025
Universidad de Chile	
Workshop: Optimizing delivery routes for delivery vehicles (CIG)	2024
Universidad de La Frontera	
International Baccalaureate (IB) Diploma Programme	2017 – 2019
Colegio Alemán de Temuco	
CAS Project (Part of the IB Programme)	2018
Colegio Alemán de Temuco	
Internship as a Pediatrician Assistant	2017
Praxis Dr. Kiehne und Dr. Eberhard (Germany)	

Conferences

Conference on Transdisciplinary Engineering and Conscious Innovation (CITIC)	2025
Universidad de La Frontera	
Quality 360 Workshop	2025
Universidad de La Frontera	
Global Engineering Conference (CIG)	2024
Universidad de La Frontera
